RE: **Approval of Products/Services for Listing on the GSA APL**

The Office of Management and Budget (OMB) issued M-19-17, which requires Federal Agencies to procure only qualified products and services that are compliant with OMB policy, NIST standards, and supporting technical specifications, such as those listed on the GSA Approved Products List (APL), when implementing HSPD-12 and ICAM into their environment. The procurement of approved products and services facilitates the government-wide objective of a federated and interoperable ICAM segment architecture, ensuring compliance, consistency, and alignment of commercially available products and services with the requirements and functional needs of the government ICAM implementer.

Accordingly, the FIPS 201 Evaluation Program is very pleased to inform you that the following product or service has passed testing against all applicable Testing Requirements. Please see the attached document, which summarizes the specific parameters of the approval (e.g., product/service profile, with which your product/service was tested). Your product or service will now be listed on the APL as shown below. If there are any errors in the listing information, please notify us within five (5) business days of receiving this letter.

1 Category-Validation System

1.1 APL Certification Number

- **APL # 10048**
 - HID Certificate Manager
 - HID Validation & Registration
 - pivCLASS Authentication Module (P.A.M.)

1.2 Product/Service Information

Organization Name:	HID Global
Name of Product or Service:	pivCLASS Certificate Manager
Part Number:	PVC-CM
Hardware Version:	
Software Version:	5.30.84
Firmware Version:	

Organization Name:	HID Global
Name of Product or Service:	HID Validation & Registration
Part Number:	PVCP-D/S
Hardware Version:	
Software Version:	5.30.84
Firmware Version:	

Organization Name:	HID Global
Name of Product or Service:	pivCLASS Authentication Module
Part Number:	91000ABNNN
Hardware Version:	
Software Version:	5.30.84
Firmware Version:	

1.3 Document History

Status	Date	Comments
Approved	3/31/2015	Final Approval Date for APL# 10048 Software Version 1.2.279.0
Update	7/7/2015	Final Approval for Upgrade of Software Version to 1.2.285.0 and Added HID pivCLASS RKCLB40 Reader
Update	10/28/2016	Final Approval for Upgrade of Software Version to 1.2.302.0
Update	1/8/2019	Final Approval for Update to pivCLASS 5.6.2 with Symmetry 8.1 SP1
Update	8/05/2020	Update to Amag Symmetry and HID pivCLASS
Update	6/9/2021	Update to AMAG software, HID pivCLASS, and addition of Veridt readers to solution.
Update	10/16/2025	Update to AMAG software, HID pivCLASS,

1.4 Restrictions:

This product has been tested and approved as a fully compliant FICAM Solution component. The agency deploying the solution is responsible for verifying that the deployment architecture (e.g., on-site, private cloud, public cloud) meets the agency's security requirements, such as those outlined in FedRAMP. The end-to-end solution components used to test the FICAM compliance of the approved solution are listed below.

PACS Infrastructure: APL# 10047:

- o Symmetry Professional V9.8 - Symmetry Security Management Software, Homeland Edition (Server software and client)
- o Reader license
- o Data Import License
- o Intelligent Database Controller
- o Symmetry 4-Door Controller (Wiegand, alarm and door furniture interface)
- o Wiegand Interface Module – License key for 4 readers.
- o M4000 Database Controller
- o M4000 4 Door Entry Module

PIV Readers

- o pivCLASS RP40 Contactless Reader (APL#10003)
- o pivCLASS RK40 Contactless Reader + PIN (APL# 10004)
- o pivCLASS RPK40 Contactless Reader + PIN (APL# 10005)
- o pivCLASS R40 Contactless Reader (APL# 10006)
- o pivCLASS RKCL40 Contact/Contactless Reader with PIN (APL# 10007)
- o pivCLASS RPKCL40 Contact/Contactless Reader with PIN (APL# 10008)

- o pivCLASS RPKCLB40 Contact/Contactless Reader with PIN & BIO (APL# 10026)
- o pivCLASS RKCLB40 Contact/Contactless Reader with PIN & BIO (APL# 10052)
- o pivCLASS R10 Contactless Reader (APL# 10085)
- o Veridt Dual Bio Contact/Contactless Reader (APL# 10092)
- o Veridt Stealth Dual Contact/Contactless Reader (APL# 10093)
- o Veridt Stealth Lite Dual Contact/Contactless Reader (APL# 10094)
- o Veridt Stealth Contactless Reader (APL# 10095)
- o Veridt Stealth Lite Contactless Reader (APL# 10096)

Approval of the above product/service indicates your cooperation with the Program and successful testing against a rigorous, comprehensive set of functional requirements derived from government-wide specifications. Testing included positive and negative test cases and threat vectors.

Given the strategic government-wide importance of the APL, the scope and extent of testing performed on your product/service, and the rigor of that testing, the Program would like to acknowledge the noteworthiness of the approval and listing. Your product or service will now be available for procurement by all federal agencies.

Please note that continued listing on the APL requires ongoing compliance with all applicable requirements, including those that may be added or amended over time. A listed product/service can become non-conformant for various reasons, including but not limited to:

- New Functional Requirements and Test Cases—The Functional Requirement and Test Case (FRTC) documents are effective immediately. All approved Physical Access Control System (PACS) solutions must pass testing against the new and revised FRTC requirements before the effective date of the new or revised requirements.
- Specific problems are discovered in a vendor's product or services (or class of products/services) after being listed on the APL. The affected vendor(s) are notified that the identified product(s) and services(s) must be improved within the time frames specified in the FRTC, commensurate with the severity level of the problem.
- Updates to testing requirements due to concerns provided to the Evaluation Program by Federal agency buyers.
- Updates to testing requirements due to vendor-provided issues in the Evaluation Program.
- A product whose last certification letter is older than 12 months and has yet to receive an APL Extension approval.

Refer to the applicable Agreements and Program documents for details regarding ongoing compliance, including severity levels and remediation timeframes. Listed products and services that fall out of conformance will be removed from the APL and added to the Removed Products List (RPL).

If you have any questions, please feel free to contact me.
